

How To Germany: Because every business is different

Doing business in a changing economy is not always as easy as CEOs these days would like to admit. As a matter of fact it can be very challenging to take a step back in order to define new business strategies and to focus on the core aspects of an organization. And every business is different.

Consultinghouse is a comprehensive "One Stop Shop" provider of **Tax, Legal, & Accounting Services** for international companies and individuals doing business within Germany and Greater Europe.

As a global operating service provider Consultinghouse achieved a wide spread in expertise throughout the last 25 years.

The Consultinghouse "**How To Germany**" services provided can support you finding the right strategy and help you through difficult times by giving strong advice regarding German law and tax regulations, whether for existing or starting companies doing business in Germany and greater Europe.

Customized services for corporations:

- Payroll
- Accounting
- Recordkeeping
- Tax strategic planning
- Legal cases
- Set up of branch offices
- On spot service
- Interim management

We are looking forward to hearing from you.
